Cautionary Note – The SEC permits oil and gas companies, in their filings with the SEC, to disclose only proved, probable and possible reserves. Potential resources are not proved, probable or possible reserves. The SEC's guidelines prohibit Matador from including such information in filings with the SEC.

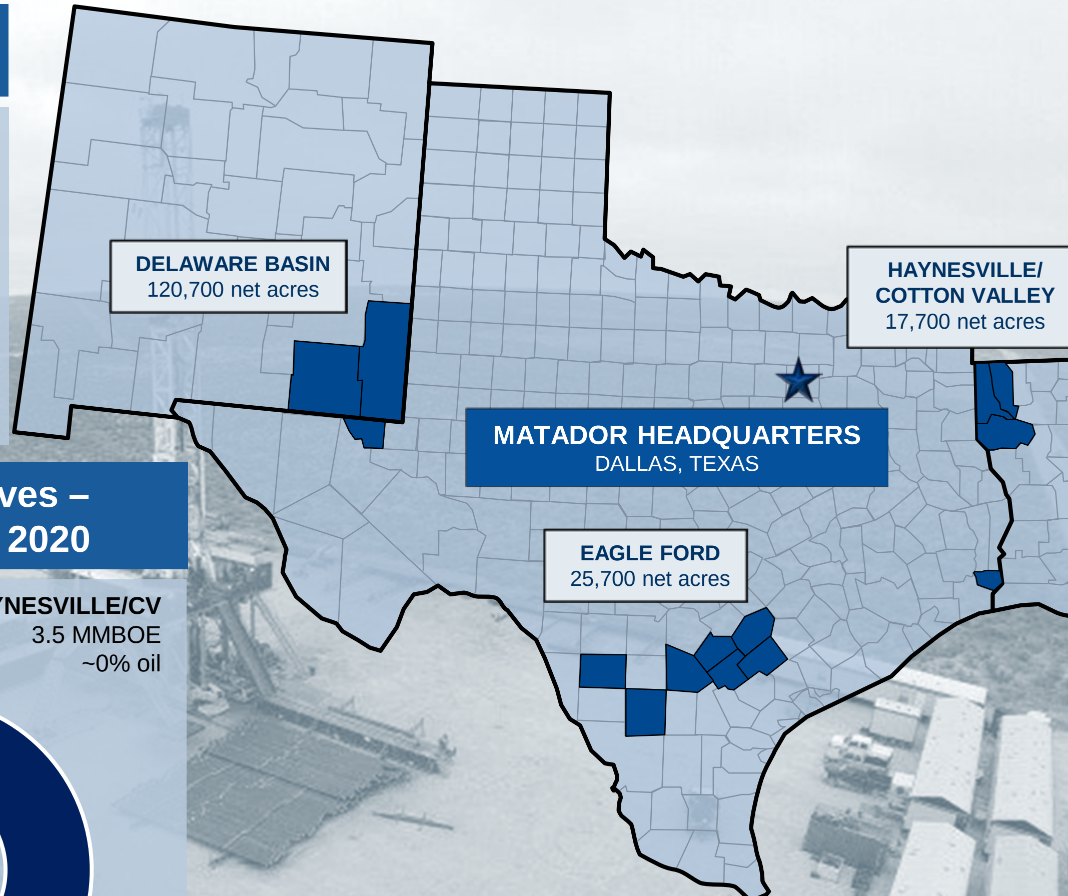
Definitions – Proved oil and natural gas reserves are the estimated quantities of oil and natural gas that geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Matador's production and proved reserves are reported in two streams: oil and natural gas, including both dry and liquids-rich natural gas. Where Matador produces liquids-rich natural gas, the economic value of the natural gas liquids associated with the natural gas is included in the estimated wellhead natural gas price on those properties where the natural gas liquids are extracted and sold. Estimated ultimate recovery (EUR) is a measure that by its nature is more speculative than estimates of proved reserves prepared in accordance with SEC definitions and guidelines and is accordingly less certain. Type curves, if any, shown in this presentation are used to compare actual well performance to a range of potential production results calculated without regard to economic conditions; actual recoveries may vary from these type curves based on individual well performance and economic conditions.

Safe Harbor Statement – This presentation and statements made by representatives of Matador Resources Company ("Matador" or the "Company") during the course of this presentation include "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. "Forward-looking statements" are statements related to future, not past, events. Forward-looking statements are based on current expectations and include any statement that does not directly relate to a current or historical fact. In this context, forward-looking statements often address expected future business and financial performance, and often contain words such as "could," "believe," "would," "anticipate," "intend," "estimate," "expect," "may," "should," "continue," "plan," "predict," "potential," "project," "hypothetical," "forecasted" and similar expressions that are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. Such forward-looking statements include, but are not limited to, statements about guidance, projected or forecasted financial and operating results, future liquidity, the payment of dividends, results in certain basins, objectives, project timing, expectations and intentions, regulatory and governmental actions and other statements that are not historical facts. Actual results and future events could differ materially from those anticipated in such statements, and such forward-looking statements may not prove to be accurate. These forward-looking statements involve certain risks and uncertainties, including, but not limited to, the following risks related to financial and operational performance: general economic conditions; the Company's ability to execute its business plan, including whether Matador's drilling program is successful; changes in oil, natural gas and natural gas liquids prices and the demand for oil, natural gas and natural gas liquids; Matador's ability to replace reserves and efficiently develop current reserves; costs of operations; delays and other difficulties related to producing oil, natural gas and natural gas liquids; delays and other difficulties related to regulatory and governmental approvals and restrictions; Matador's ability to make acquisitions on economically acceptable terms; Matador's ability to integrate acquisitions; availability of sufficient capital to execute Matador's business plan, including from future cash flows, increases in Matador's borrowing base and otherwise; weather and environmental conditions; the impact of the worldwide spread of the novel coronavirus, or COVID-19, on oil and natural gas demand, oil and natural gas prices and our business; the operating results of the Company's midstream joint venture's Black River cryogenic natural gas processing plant; the timing and operating results of the buildout by the Company's midstream joint venture of oil, natural gas and water gathering and transportation systems and the drilling of any additional produced water disposal wells; and other important factors which could cause actual results to differ materially from those anticipated or implied in the forward-looking statements. For further discussions of risks and uncertainties, you should refer to Matador's filings with the Securities and Exchange Commission ("SEC"), including the "Risk Factors" section of Matador's most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q. Matador undertakes no obligation to update these forward-looking statements to reflect events or circumstances occurring after the date of this presentation, except as required by law, including the securities laws of the United States and the rules and regulations of the SEC. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. All forward-looking statements are qualified in their entirety by this cautionary statement.

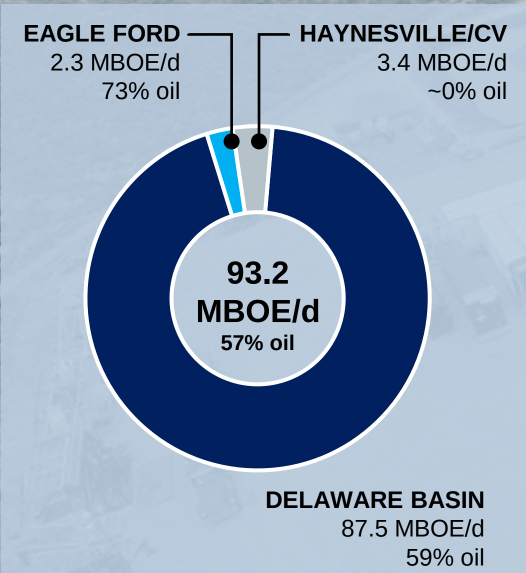
Matador Resources Company Overview

Market Snapshot

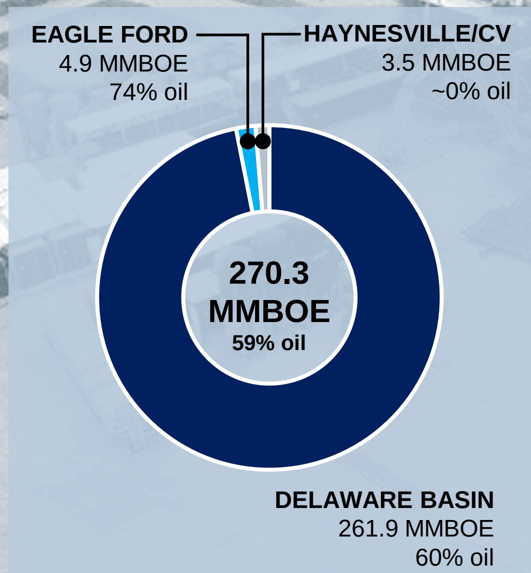
NYSE Symbol	MTDR
Market Capitalization[1]	$3.7 billion
Avg. Daily Production – Q2 2021	93.2 MBOE/d
Net Debt / LTM Adj. EBITDA[2][3] – Q2 2021	~1.8x
Adj. Free Cash Flow[2] – Q2 2021	$156.3 million
Proved Reserves @ December 31, 2020	270.3 MMBOE
2021 Annualized Dividend (current yield)[4]	$0.10 (0.3%)



Avg. Daily Production – Q2 2021



Proved Reserves – December 31, 2020



Note: Unless otherwise noted, figures are at or for the quarter ended June 30, 2021.

(1) Market capitalization based on closing share price as of July 26, 2021 and shares outstanding as reported in the Company's most recent Quarterly Report on Form 10-Q.

(2) Adjusted EBITDA and adjusted free cash flow are non-GAAP financial measures. For definitions and reconciliations to the comparable GAAP measures, see Appendix.

(3) For purposes of the Credit Agreement, Net Debt at June 30, 2021 is calculated as (i) $1.05 billion in senior notes outstanding, plus (ii) $286 million in debt under the Credit Agreement, including outstanding borrowings and letters of credit, less (iii) $45 million in available cash.

(4) The Company's Board of Directors adopted a dividend policy in February 2021 pursuant to which the Company intends to pay quarterly cash dividends on its common stock of $0.025 per share. Yield based upon July 26, 2021 closing price.

Record Results for Second Quarter 2021

Record Adj. EBITDA & Adj. Free Cash Flow[(1)]	• Generated adjusted free cash flow[(1)] of **$156.3 million** in Q2 2021 – **Above Company Expectations!** • Matador received **$16.3 million in incentive payments** from Five Point during Q2 2021 • Oil and natural gas revenues of $412.1 million and Adjusted EBITDA[(1)] of **$261.0 million** – **Both Records!**
Repaid $100 Million of Borrowings	• Repaid **$100 million** of borrowings outstanding under the reserves-based credit facility in Q2 2021 • Leverage ratio[(1)(2)] under revolving credit facility of 1.8x at Q2 2021 – **Better Than Company Expectations!** • Increase in commitments to the San Mateo credit facility from $375 million to $450 million and refresh of accordion feature, which could further expand lender commitments to up to $700 million
Record Quarterly Production Better Than Expected	• Oil production of ~53,400 Bbl/d, up 28% sequentially from Q1 2021 – **Company Record!** • Natural gas production of ~239.1 MMcf/d, up 23% sequentially from Q1 2021 – **Company Record!** • Total production of ~93,200 BOE/d, up 26% sequentially from Q1 2021 – **Company Record!**
Continuing to Improve Capital Efficiency	• D&C costs[(3)] for 15 operated horizontal wells turned to sales in Q2 2021 of **$615 per completed lateral foot**, **down 28%** from $850 per completed lateral foot during full year 2020 • Through H1 2021, D&C costs[(3)] for 21 operated horizontal wells have averaged **$655 per completed lateral foot** – 4% below company expectations for H1 2021 • Matador expects **98% of the operated wells** turned to sales in 2021 to be **2 miles or longer**
Exceeded Q2 2021 Guidance[(4)]	• Average daily total production **up 26% sequentially** vs. guidance for a sequential increase of 19 to 22% • D/C/E CapEx of **$100.6 million** vs. estimate of $125 million • Midstream CapEx of **$4.1 million** vs. estimate of $6 million (primarily reflects Matador's 51% share of San Mateo)

Note: "San Mateo" is San Mateo Midstream, LLC, and "Five Point" is Five Point Energy, LLC.

(1) Adjusted EBITDA and adjusted free cash flow are non-GAAP financial measures. For definitions and reconciliations to the comparable GAAP measures, see Appendix.

(2) Defined as Net Debt / LTM Adjusted EBITDA as calculated under Matador's revolving credit agreement (the "Credit Agreement"). For purposes of the Credit Agreement, Net Debt at June 30, 2021 is calculated as (i) $1.05 billion in senior notes outstanding, plus (ii) $286 million in debt under the Credit Agreement, including outstanding borrowings and letters of credit, less (iii) $45 million in available cash.

(3) Cost per completed lateral foot metric shown represents the drilling and completion ("D&C") portion of well costs only. Excludes costs to equip wells, midstream capital expenditures, capitalized general and administrative ("G&A") or interest expenses and certain other capital expenditures.

(4) As provided on April 28, 2021.

San Mateo – Differentiated Midstream Asset *Continues to Add Value to Matador*[(1)]

2015-2016
- Initial midstream build-out in the Delaware Basin
- 100% owned by Matador

2017-2018
- San Mateo I formed in February 2017
- Build-out of "three-pipe" system in Rustler Breaks and Wolf

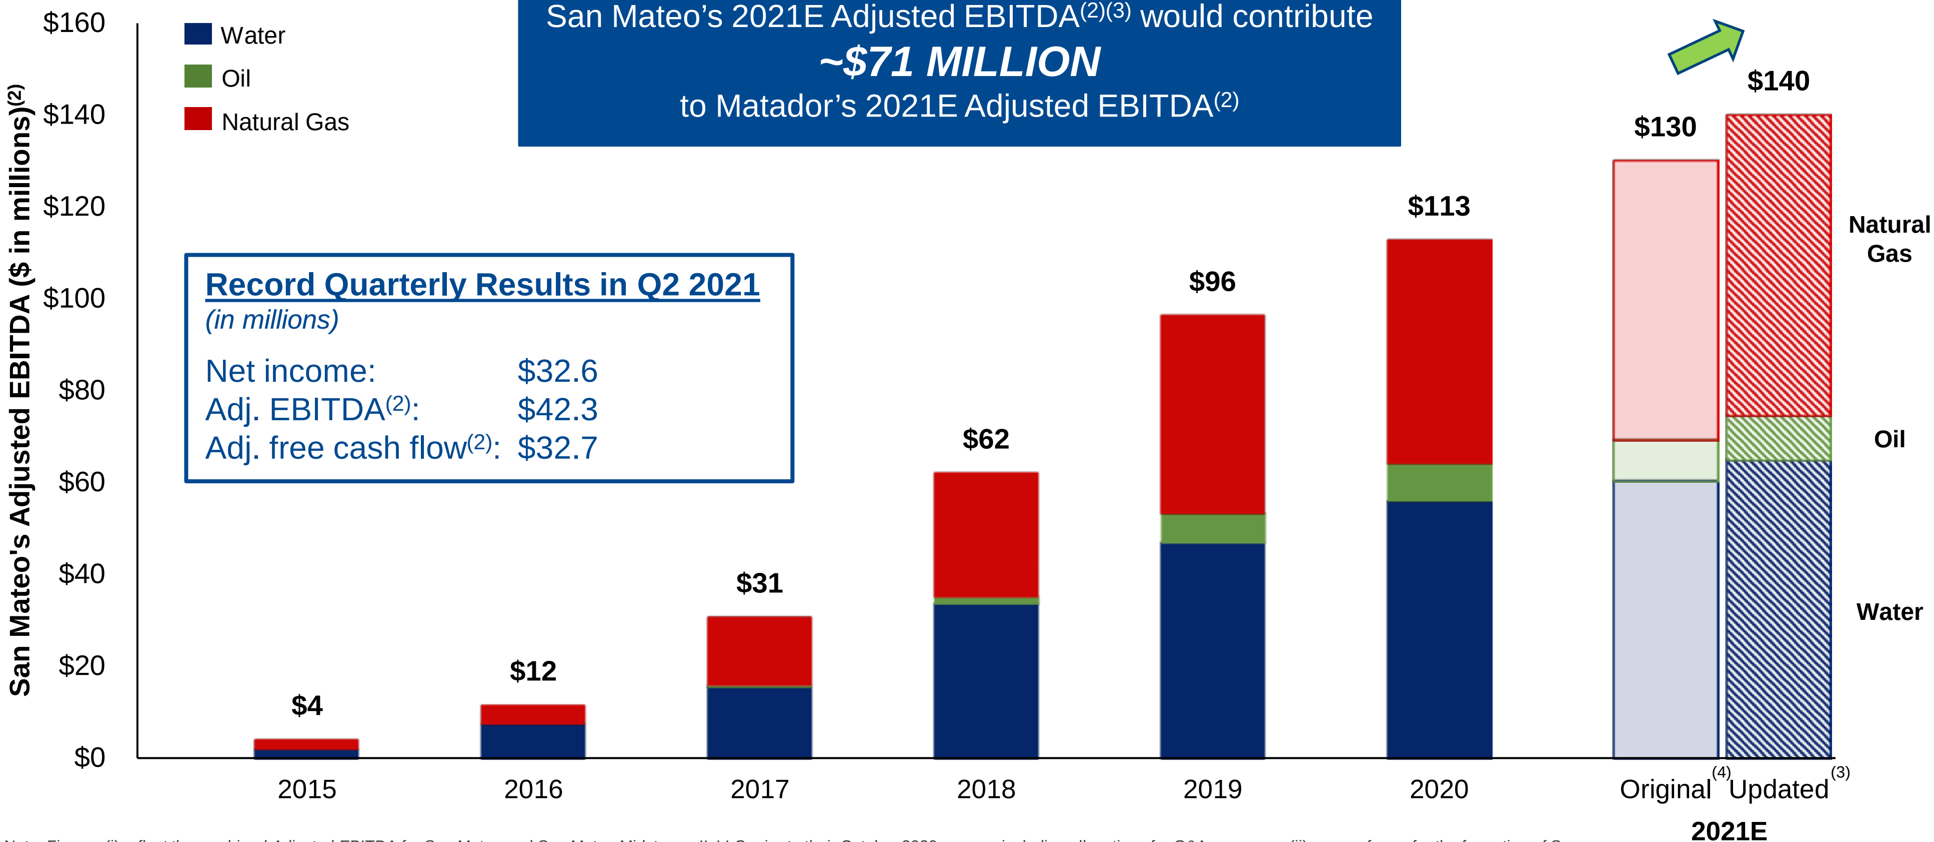
2019-2020
- San Mateo II formed in February 2019
- Expansion into Stateline asset area and the Greater Stebbins Area

2021+
- Free cash flow generation
- Focused on adding additional non-Matador customers

San Mateo's 2021E Adjusted EBITDA[(2)(3)] would contribute
~$71 MILLION
to Matador's 2021E Adjusted EBITDA[(2)]

Record Quarterly Results in Q2 2021
(in millions)

Net income:	$32.6
Adj. EBITDA[(2)]:	$42.3
Adj. free cash flow[(2)]:	$32.7



Note: Figures (i) reflect the combined Adjusted EBITDA for San Mateo and San Mateo Midstream II, LLC prior to their October 2020 merger, including allocations for G&A expenses, (ii) are pro forma for the formation of San Mateo in February 2017 and the purchase of the non-controlling interest in Fulcrum Delaware Water Resources, LLC not previously owned by Matador and (iii) exclude assets sold to EnLink in October 2015.
(1) A subsidiary of Five Point is Matador's joint venture partner in San Mateo. Matador and Five Point own 51% and 49%, respectively, of San Mateo.
(2) Adjusted EBITDA and adjusted free cash flow are non-GAAP financial measures. For definitions and reconciliations to the comparable GAAP measures, see Appendix.
(3) Based on midpoint of range of $130 to $150 million as of and as provided on July 27, 2021.
(4) Based on midpoint of range of $125 to $135 million as of and as provided on February 23, 2021.

Revolver Borrowings Outstanding – Quarterly Results
Paying Down Debt Remains a Key Objective in 2021

	Q2 2019	Q3 2019	Q4 2019	Q1 2020	Q2 2020	Q3 2020	Q4 2020	Q1 2021	Q2 2021
Leverage Ratio[1]:	1.8x	1.9x	2.2x	2.2x	2.5x	2.8x	2.9x	2.5x	1.8x
Realized Oil Price[2] ($/Bbl):	$56.51	$54.19	$56.36	$45.87	$24.03	$38.67	$40.99	$57.05	$64.90
Realized Gas Price[2] ($/Mcf):	$1.64	$1.88	$2.31	$1.70	$1.49	$2.27	$2.97	$5.88	$4.46

Better than expectations and lowest leverage since mid-2019!

(1) Defined as Net Debt / LTM Adjusted EBITDA as calculated under the Credit Agreement. For purposes of the Credit Agreement, Net Debt at June 30, 2021 is calculated as (i) $1.05 billion in senior notes outstanding, plus (ii) $286 million in debt under the Credit Agreement, including outstanding borrowings and letters of credit, less (iii) $45 million in available cash. Adjusted EBITDA is a non-GAAP financial measure. For a definition and reconciliation to the comparable GAAP measures, see Appendix.
(2) Without realized derivatives.

2021 Priorities and Milestones – Executing Well Through H1

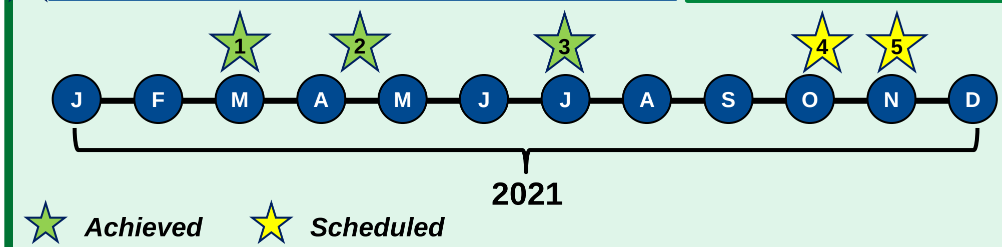
2021 Priorities

1. ***Deliver Free Cash Flow***
2. ***Pay Down Debt***
3. ***Initiate Dividend***
4. ***Continue Capital Efficiency Improvements***
5. ***Focus on Development of Federal Properties***
6. ***Grow San Mateo Volumes and Revenues***
7. ***Earn San Mateo Performance Incentives***
8. ***Employ Proactive Hedging Strategy***

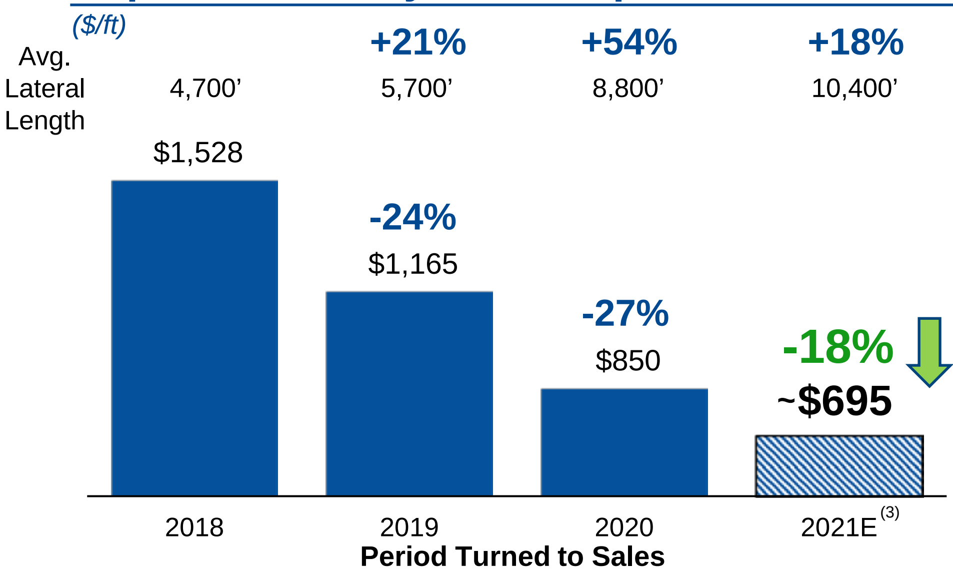
Significant 2021 Milestones - Timeline

1. 4 Rodney Robinson wells to sales
2. First 13 Voni (Stateline) wells to sales
3. 4 Greater Stebbins Area wells to sales
4. Next 13 Boros (Stateline) wells to sales
5. Remaining 9 Greater Stebbins Area wells to sales

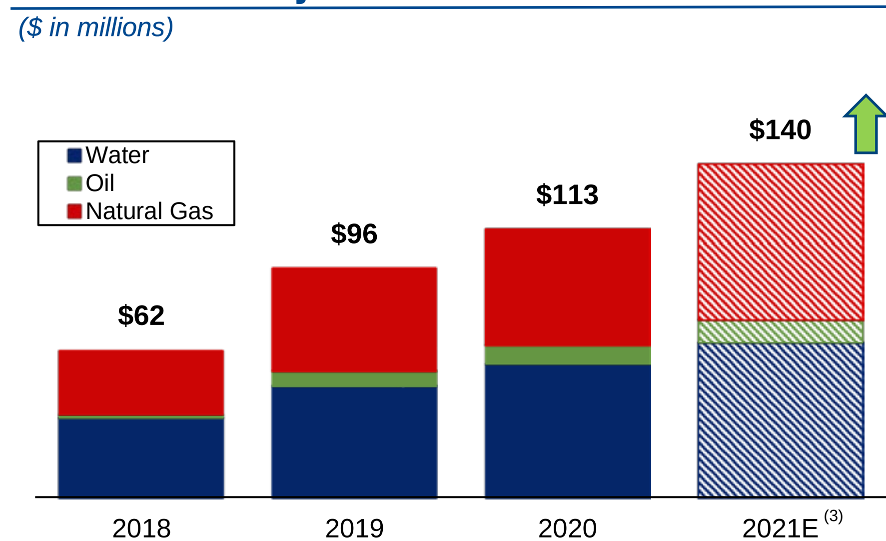
- Added fourth rig in March 2021
- 26 Stateline asset area wells online in Q4 2021
- 98% of wells turned to sales expected to have laterals two miles or greater



Capital Efficiency: D&C CapEx/ft[1]



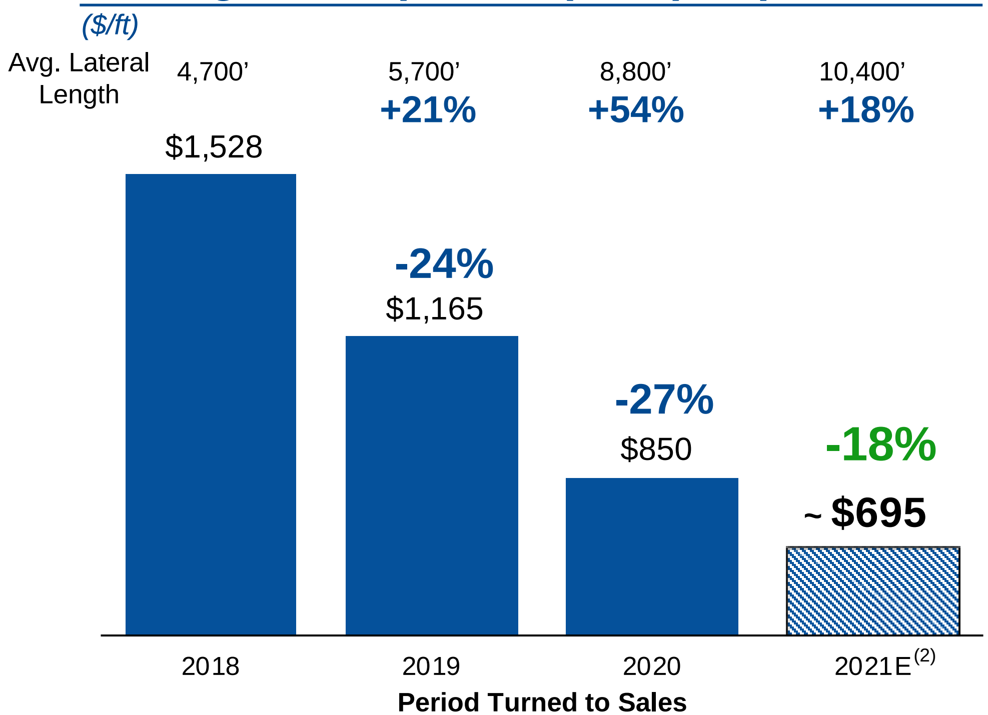
San Mateo Adjusted EBITDA[2] Growth



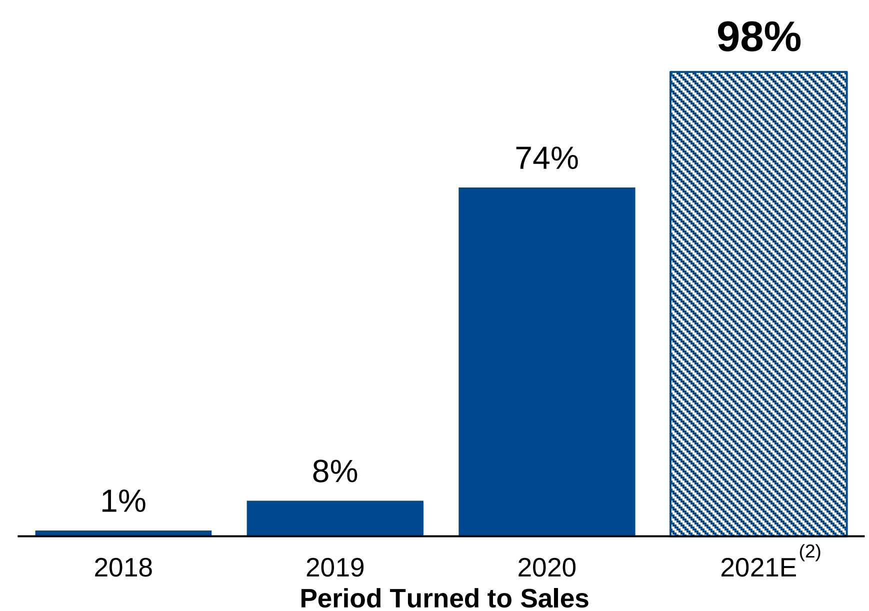
(1) Cost per completed lateral foot metric shown represents the D&C portion of well costs only. Excludes costs to equip wells, midstream capital expenditures, capitalized G&A or interest expenses and certain other capital expenditures.
(2) Adjusted EBITDA is a non-GAAP financial measure. For a definition and reconciliation to the comparable GAAP measures, see Appendix.
(3) Midpoint of range of $130 to $150 million as of and as provided on July 27, 2021.

A Step Change in Capital Efficiency: *Record Low Costs in 2020 → Even Lower in 2021E*

Drilling & Completion (D&C) CapEx/ft[1]



Percentage of Two-Mile Laterals



- In Q2 2021, Matador’s D&C CapEx/ft averaged **~$615/ft**, including first 13 Voni wells at ~$610/ft
- Through H1 2021, D&C CapEx/ft averaged **~$655/ft**, 4% below expectations for H1
- Matador’s average D&C CapEx/ft 2021E: **~$695/ft**
  - ~18% as compared to 2020
  - ~40% as compared to 2019

- Matador expects to turn to sales 10% more total footage in 2021 while running a similar number of rigs
- **98% of laterals** in 2021 expected to be two miles or greater, as compared to 74% in 2020
- **100% of laterals** in 2021 expected to be greater than one mile, as compared to 83% in 2020

Note: All footage and percentage of lateral types shown are based on gross operated horizontal wells.
(1) Cost per completed lateral foot metric shown represents the D&C portion of operated horizontal well costs only. Excludes costs to equip wells, midstream capital expenditures, capitalized G&A or interest expenses and certain other capital expenditures.
(2) As of and as provided on July 27, 2021.

SLIDE F

Summary and Updated 2021 Guidance (as Provided on July 27, 2021)

Guidance Metric	*Actual 2020 Results*	*February 23, 2021 2021 Guidance[1]*	*%YoY Change[2]*	*July 27, 2021 2021 Guidance*	*%YoY Change[2]*
Total Oil Production	15.9 million Bbl	17.2 to 17.8 million Bbl	+ 10%	17.2 to 17.8 million Bbl	+ 10%
Total Natural Gas Production	69.5 Bcf	76.0 to 79.0 Bcf	+ 12%	76.0 to 79.0 Bcf	+ 12%
Total Oil Equivalent Production	27.5 million BOE	29.9 to 31.0 million BOE	+ 11%	29.9 to 31.0 million BOE	+ 11%
D/C/E CapEx[3]	$450 million	$525 to $575 million	+ 22%	$525 to $575 million	+ 22%
Midstream CapEx[4]	$89 million	$20 to $30 million	- 72%	$35 to $45 million	- 55%
Total D/C/E and Midstream CapEx	$539 million	$545 to $605 million	+ 7%	$560 to $620 million	+ 9%

Development & Capital Efficiency

- 49 gross (45.6 net) operated wells turned to sales in 2021E
- 65 gross (4.7 net) non-operated wells turned to sales in 2021E
- D&C costs for operated horizontal wells expected to avg. **$695/ft[5]**
- **98% of wells** with lateral lengths **2 miles or greater**, as compared to 74% in 2020 and 8% in 2019
- Avg. lateral length of wells turned to sales expected to be **10,400 feet**

Q3 2021 Estimates

- Oil production expected to be **down 9 to 10%** sequentially vs. Q2 2021
- Gas production expected to be **down 13 to 14%** sequentially vs. Q2 2021
- Weighted avg. oil differential vs. WTI of ($1.00) to ($2.00) per Bbl
- Weighted avg. natural gas differential vs. Henry Hub of +$1.00 to +$1.50 per Mcf[6]

Q4 2021 Estimates

- Oil production expected to be **flat to up 1%** sequentially vs. Q3 2021
- Gas production expected to be **flat to up 1%** sequentially vs. Q3 2021
- Matador intends to advance the next 11 Voni well completions forward into Q4 2021 and expects to be able to do so without increasing estimates for full year D/C/E CapEx

(1) As of and as provided on February 23, 2021.
(2) Represents percentage change from 2020 actual results to the midpoint of 2021 guidance, as provided on February 23, 2021 and July 27, 2021, respectively.
(3) Capital expenditures associated with drilling, completing and equipping wells.
(4) Primarily reflects Matador's 51% share of San Mateo's capital expenditures.
(5) Cost per completed lateral foot metric shown represents the D&C portion of well costs only. Excludes costs to equip wells, midstream capital expenditures, capitalized G&A or interest expenses and certain other capital expenditures.
(6) Including any uplift from revenues associated with NGL production.

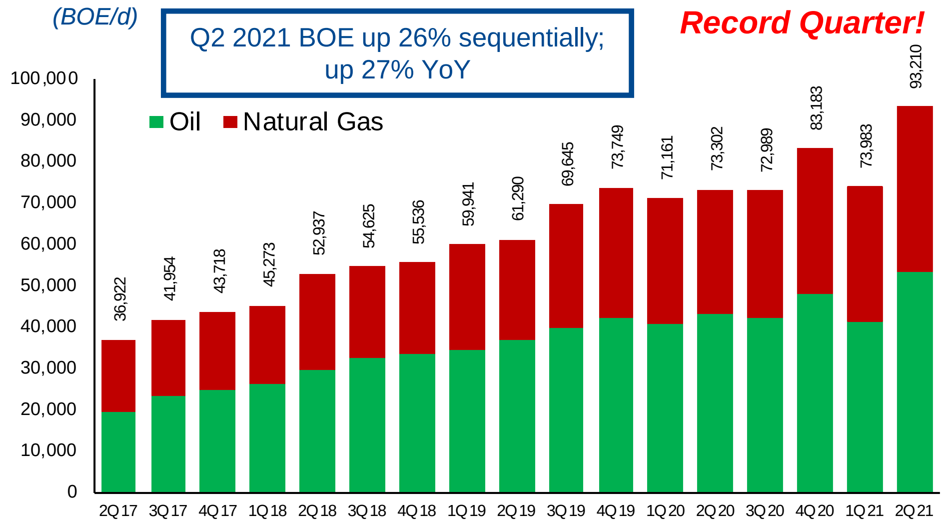
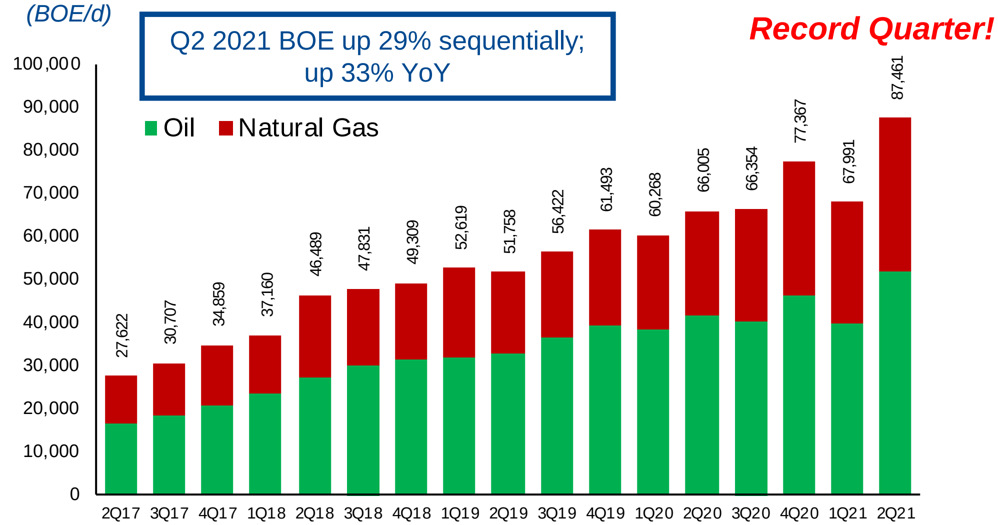
(1) Production volumes reported in two streams: oil and natural gas, including both dry and liquids-rich natural gas.
(2) Includes approximately $0.21, $0.13 and $0.49 per BOE of non-cash, stock-based compensation expense in Q2 2021, Q1 2021 and Q2 2020, respectively.
(3) Total does not include the impact of full-cost ceiling impairment charges, purchased natural gas or immaterial accretion expenses.
(4) Net sales of purchased natural gas reflect those natural gas purchase transactions that the Company periodically enters into with third parties whereby the Company purchases natural gas and (i) subsequently sells the natural gas to other purchasers or (ii) processes the natural gas at San Mateo's Black River Processing Plant and subsequently sells the residue natural gas and NGLs to other purchasers.
(5) Attributable to Matador Resources Company shareholders.
(6) Adjusted net income (loss), adjusted earnings (loss) per diluted common share, Adjusted EBITDA and adjusted free cash flow are non-GAAP financial measures. For definitions and reconciliations to the comparable GAAP measures, see Appendix.
(7) As reported for each period on a consolidated basis, including 100% of San Mateo's net cash provided by operating activities.
(8) Represents 100% of San Mateo's net income, net cash provided by operating activities or adjusted free cash flow for each period reported.
(9) Includes Matador's 51% share of San Mateo's capital expenditures plus 100% of other immaterial midstream capital expenditures not associated with San Mateo.

An Integrated E&P and Midstream Strategy: Progress in All Areas

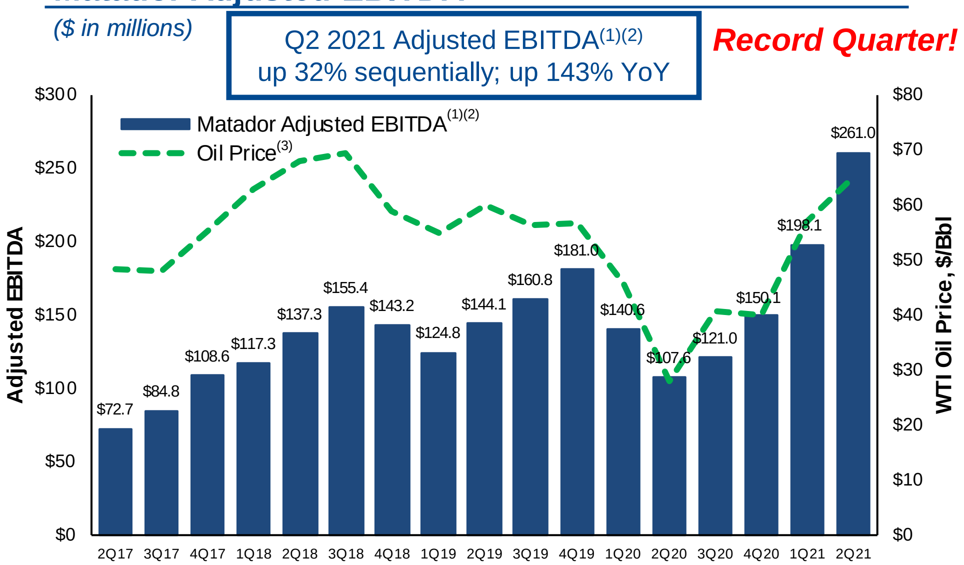
Average Daily Total Production



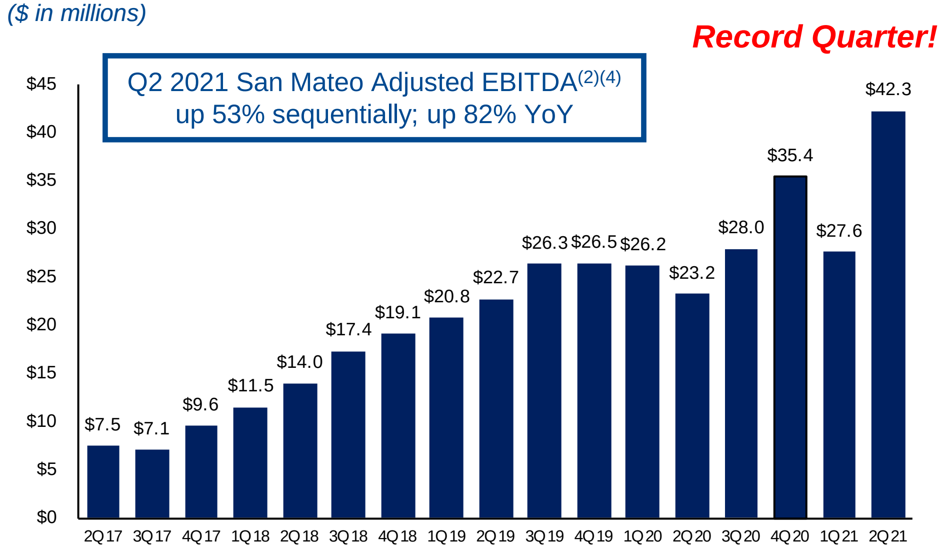
Average Daily Total Delaware Basin Production



Matador Adjusted EBITDA(1)(2)

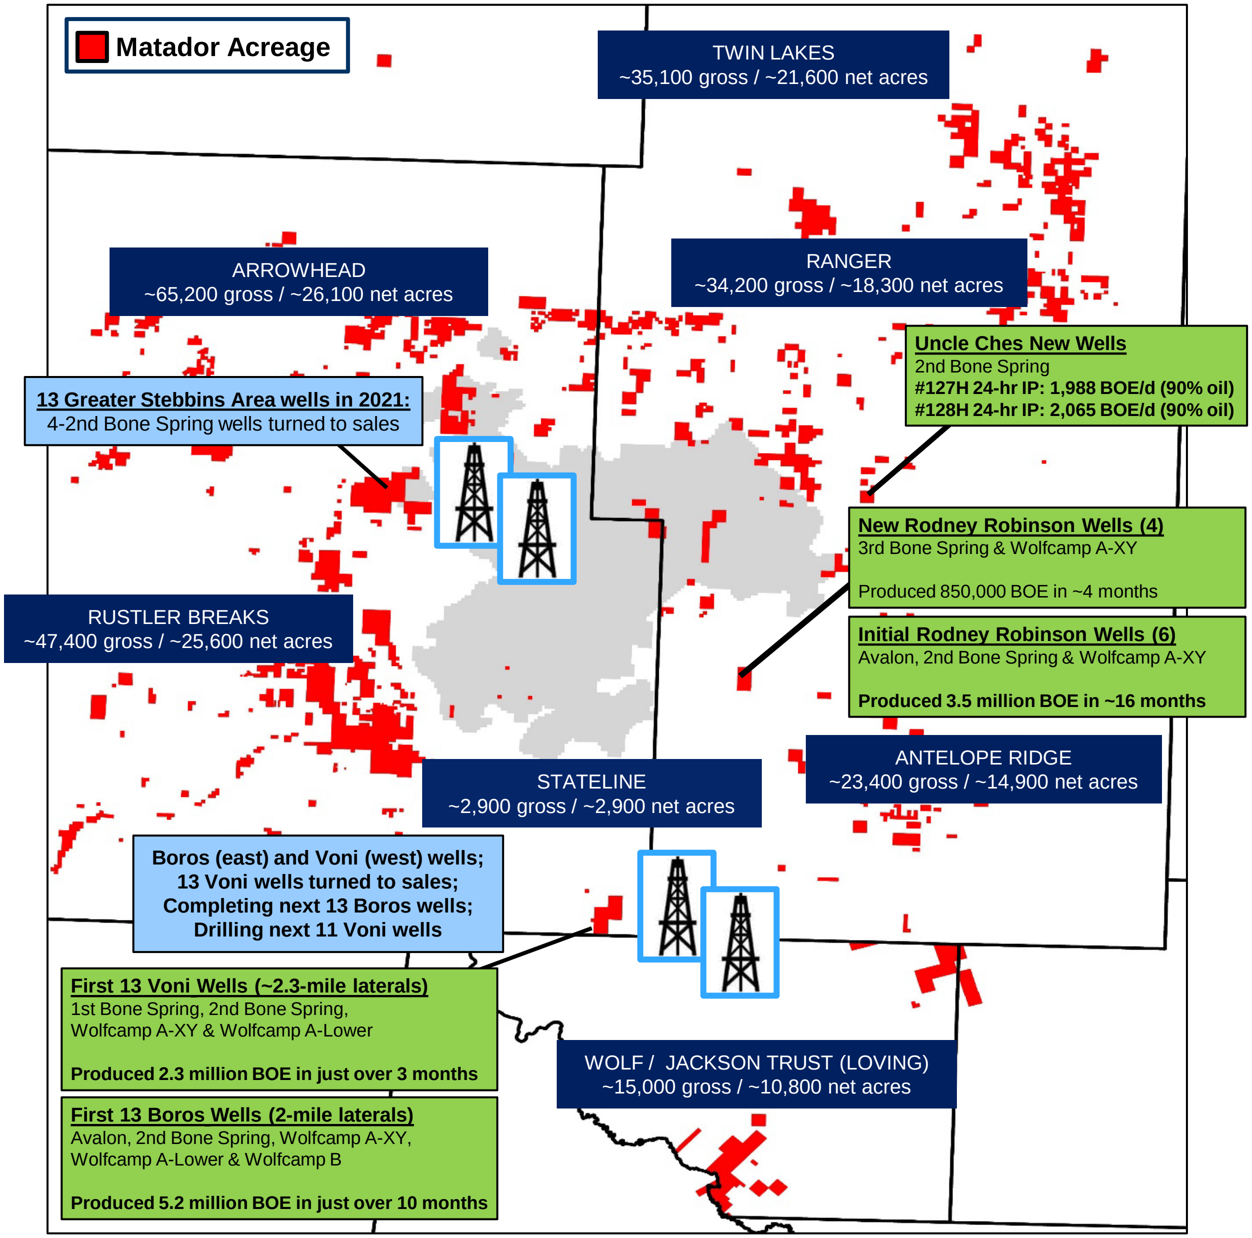


San Mateo Adjusted EBITDA(2)(4)



(1) Attributable to Matador Resources Company shareholders.
(2) Adjusted EBITDA is a non-GAAP financial measure. For a definition and reconciliation to the comparable GAAP measures, see Appendix.
(3) Average settlement price for West Texas Intermediate ("WTI") crude oil for the period.
(4) Based on the combined Adjusted EBITDA of San Mateo and San Mateo Midstream II, LLC prior to their October 2020 merger.

Delivering Strong Well Results All Around the Delaware Basin!



Note: All acreage as of June 30, 2021. Some tracts not shown on map.

CURRENT DELAWARE BASIN ACTIVITY

- **Stateline**: Two rigs currently drilling 11 additional Voni wells on the western portion of the leasehold; completion underway on 13 recently drilled Boros wells
- **Antelope Ridge**: Four additional Rodney Robinson wells turned to sales in March 2021; resume drilling in Q3 2021
- **Rustler Breaks**: No current activity; two Ray State and three Ace Stern Vegas wells turned to sales in Q4 2020
- **Arrowhead/Ranger/Twin Lakes**: Two Uncle Ches wells in Ranger asset area turned to sales in March 2021; two rigs currently drilling at Stebbins
- **Wolf/Jackson Trust**: Two Marsh/Carthel wells turned to sales in April 2021

10,400 ft[(1)]

Average lateral length for all 2021 operated wells

(1) Estimate as of and as provided on July 27, 2021.

Wells Turned to Sales – Q2 2021

- **During the second quarter of 2021, Matador turned to sales a total of 28 gross (15.6 net) wells in its various operating areas. This total was comprised of 15 gross (14.6 net) operated wells and 13 gross (1.0 net) non-operated wells. The 15 operated wells included the first 13 Voni wells at Stateline, all of which had completed lateral lengths of ~12,000 feet, or ~2.3 miles, making them the longest horizontal laterals that Matador has completed to date in the Delaware Basin.**

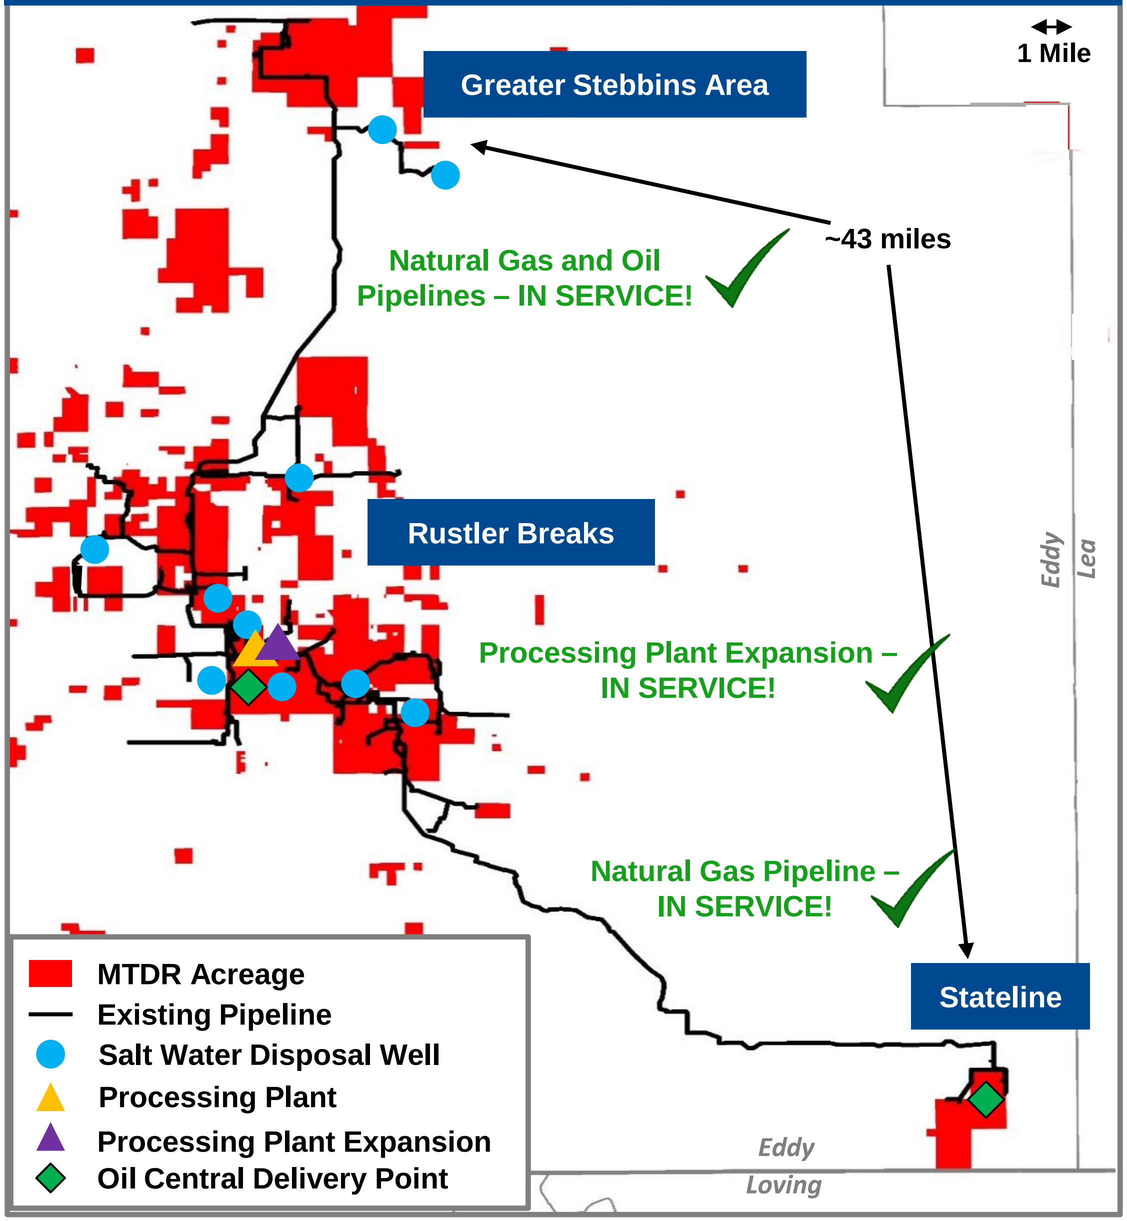
South Texas	-	-	-	-	-	-	No wells turned to sales in Q2 2021
Haynesville Shale	-	-	4	0.0	4	0.0	
Total	**15**	**14.6**	**13**	**1.0**	**28**	**15.6**	

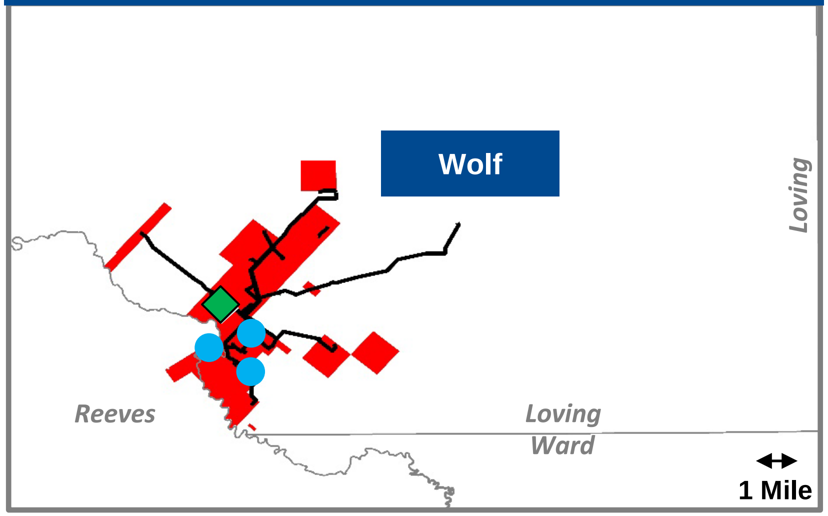
Note: WC = Wolfcamp; BS = Bone Spring. For example, 5-WC A indicates five Wolfcamp A completions and 2-3BS indicates two Third Bone Spring Sand completions. Any “0.0” values in the table above suggest a net working interest of less than 5%, which does not round to 0.1.

San Mateo(1) Assets and Operations – "Three-Pipe" Offering

Eddy County, NM Assets



Loving County, TX Assets



Natural Gas Gathering and Processing

- ***460 MMcf/d** of designed natural gas cryogenic processing capacity following plant expansion*

Produced Water Gathering and Disposal

- *13 commercial salt water disposal wells and associated facilities with designed produced water disposal capacity of **335,000 Bbl/d***

Oil Gathering

- *~400,000 acre joint development area with a subsidiary of Plains(2) in Eddy County, NM*

~350 Miles of Midstream Pipeline Systems

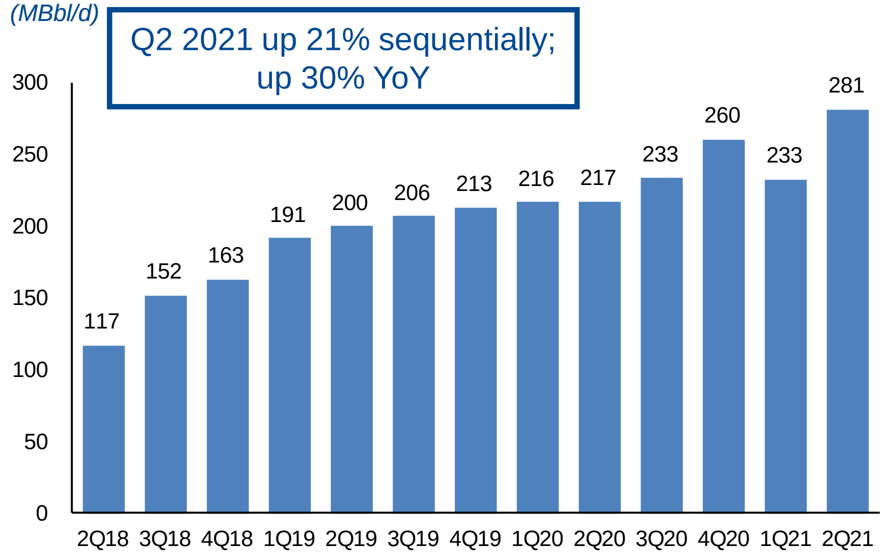
Note: All acreage as of June 30, 2021. Some tracts not shown on map.

(1) Matador owns 51% of San Mateo.
(2) Plains All American Pipeline, L.P.

Continued Progress in All Parts of San Mateo's Midstream Business (51% Owned by Matador)

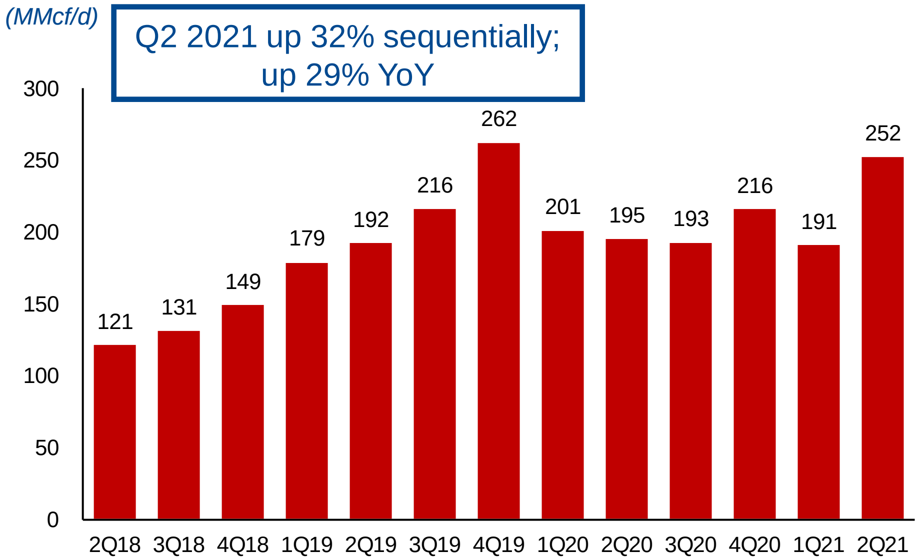
San Mateo Average Water Handling

(MBbl/d)



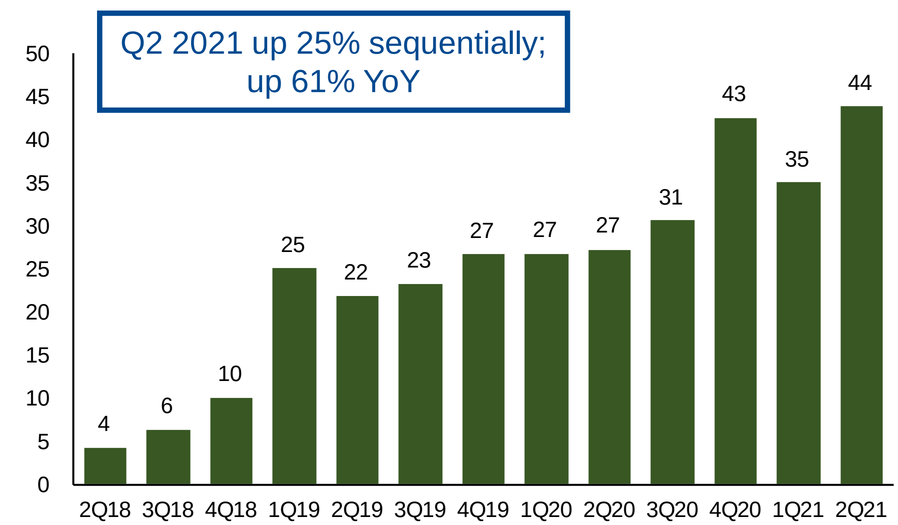
San Mateo Average Natural Gas Gathering[1]

(MMcf/d)



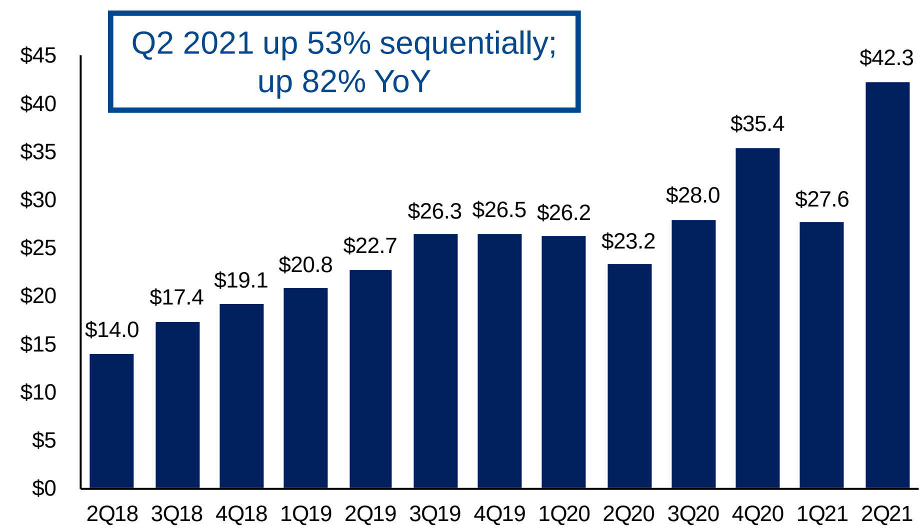
San Mateo Average Oil Gathering

(MBbl/d)



San Mateo Adjusted EBITDA[2]

($ in millions)



(1) Natural gas gathering volumes declined in 2020 and H1 2021 as compared to Q4 2019, as anticipated, primarily as a result of reduced natural gas volumes being provided by a significant third-party customer.
(2) Adjusted EBITDA is a non-GAAP financial measure. For a definition and reconciliation to the comparable GAAP measures, see Appendix.

Hedging Profile – Remainder of 2021 and 2022(1)

Oil Collars, Swaps, Puts

Full Year 2021 Guidance

July 27, 2021

MTDR LISTED NYSE

2021 Capital Investment Plan Summary[1]

Full Year 2021E CapEx[2] – $560 to $620 million

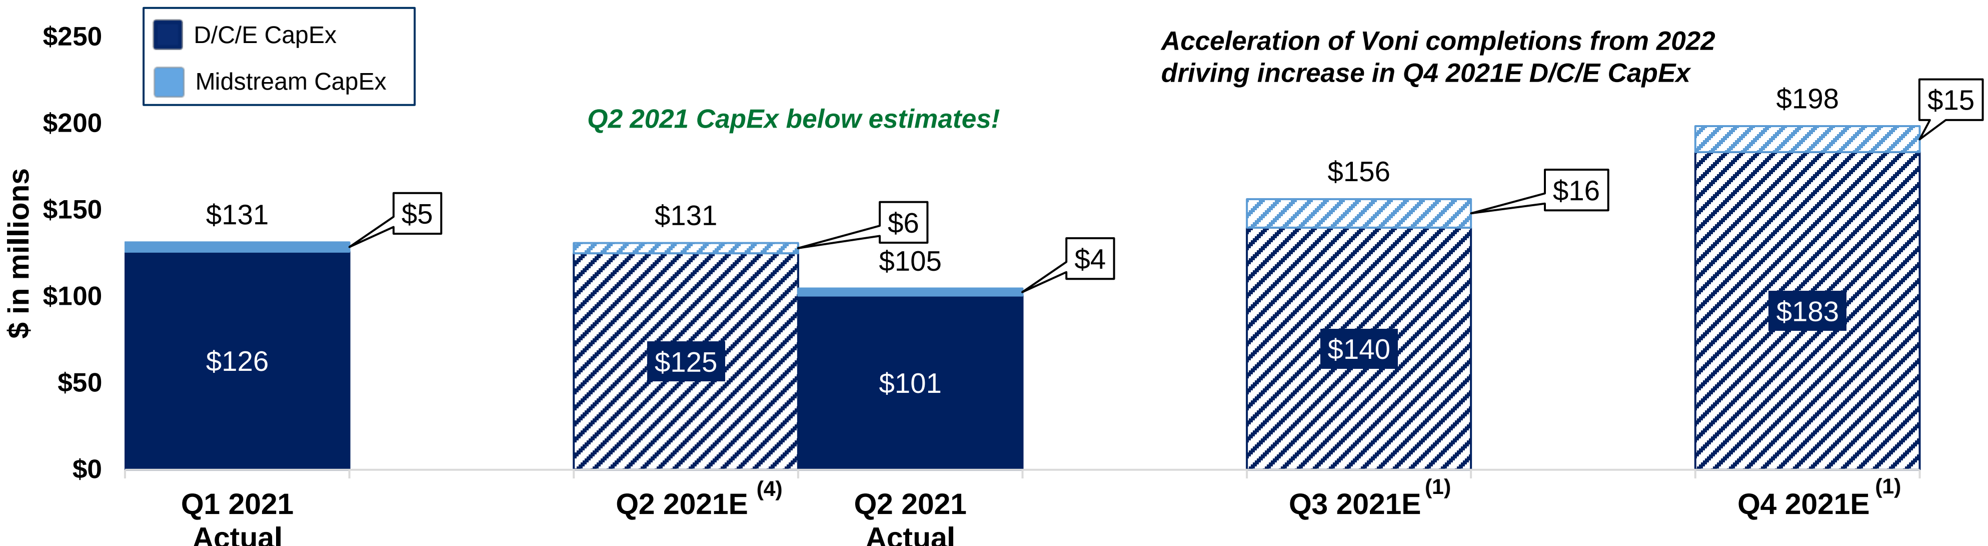
	CapEx Guidance Range	
Drilling, Completing, Equipping	**$525 to $575 million**	*No change*
Operated D/C/E (Add'l Voni completions)	$437 to $475 million	↑
Non-Op	$34 to $40 million	↓
Artificial Lift / Other	$36 to $40 million	
Capitalized G&A and Interest	$18 to $20 million	
Midstream[3] (New Opportunities, Voni compl.)	**$35 to $45 million**	↑
Full Year 2021 CapEx[2]	**$560 to $620 million**	

2021E Wells Turned to Sales

	Gross	Net
Operated	49	45.6
Non-Operated	65 ↓ *-11*	4.7 ↓ *-2.3*
Total	**114**	**50.3**

Matador expects to have **34 gross (31.2 net)** operated Delaware Basin wells in progress, but not yet turned to sales, at year-end 2021

2021E CapEx[2][3] by Quarter



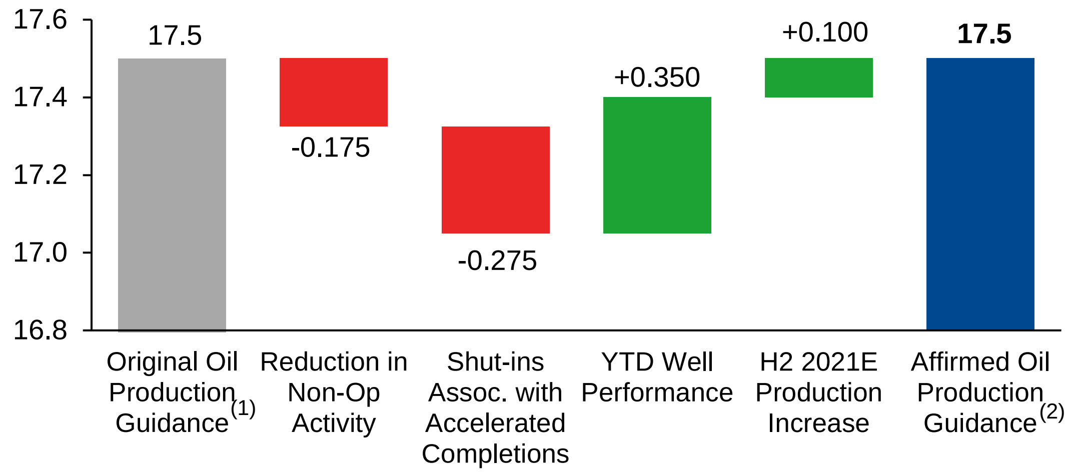
(1) As of and as provided on July 27, 2021.
(2) Includes D/C/E capital expenditures and capital expenditures for various midstream projects; does not include any expenditures for land or seismic acquisitions.
(3) Primarily reflects Matador's 51% share of San Mateo's capital expenditures.
(4) As of and as provided on April 28, 2021.

2021 Production and D/C/E Capital Expenditure Guidance Affirmed

Despite production deferments to 2022 from non-operated activity and accelerated Voni completions, Matador affirmed full year 2021 production and D/C/E CapEx guidance on July 27, 2021

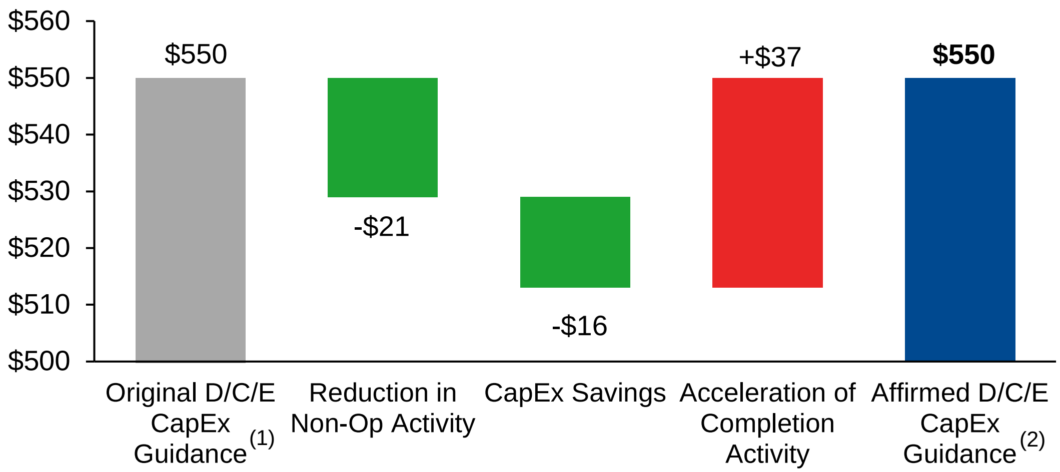
Full Year Oil Production Guidance

(MMBbl)



Full Year D/C/E CapEx[3] Guidance

($ in millions)



(1) At the midpoint of guidance as of and as provided on February 23, 2021.
(2) At the midpoint of guidance as of and as provided on July 27, 2021.
(3) Capital expenditures associated with drilling, completing and equipping wells.

Reduction in Non-Op Activity

- *Certain operating partners deferring activity from 2021 into 2022 → 2.3 fewer net wells in 2021*
- *Reduces H2 2021 Delaware non-operated production estimates by 175,000 Bbl of oil and 0.3 Bcf of natural gas vs. original estimates*
- *2021 D/C/E CapEx for non-operated wells expected to be $21 million less than original estimates*
- *Matador's non-operated production for H1 2021 was in-line with Company estimates*

Acceleration of Voni Completions

- *Matador estimates that it has realized savings to its operated D/C/E CapEx of ~$16 million in H1 2021 as compared to its original estimates*
- *As a result of reduced non-operated activity and operated D/C/E savings, Matador intends to advance the next 11 Voni completions from Q1 2022 to Q4 2021 without increasing 2021 D/C/E CapEx estimates*
- *Acceleration of Voni completions and associated shut-ins originally projected in Q1 2022 results in a reduction in Q4 2021 production of 275,000 Bbl of oil and 1.2 Bcf of natural gas*
  - *Accelerates Voni expected start dates by 2 to 3 months to February 2022*
  - *Improves capital and operational efficiencies*

2021E Operating Cost Estimates (Unit Costs per BOE)

- Matador provides the following updated estimates for its 2021 unit operating costs as shown below

	2020	Q1 2021	Q2 2021	2021E
1 Production taxes, transportation and processing (“PTTP”)	$3.39	$5.13	$5.17	$5.25 to $5.75
2 Lease operating (“LOE”)	$3.81	$3.90	$3.39	$3.50 to $4.00
3 Plant and other midstream services operating	$1.51	$2.05	$1.62	$1.75 to $2.25
4 Depletion, depreciation and amortization (“DD&A”)	$13.15	$11.24	$10.78	$11.00 to $12.00
5 General and administrative (“G&A”)	$2.27	$3.33	$2.88	$2.75 to $3.25
Total operating expenses(1)	$24.13	$25.65	$23.84	$24.25 to $27.25
PTTP + LOE + G&A	$9.47	$12.36	$11.44	$11.50 to $13.00

1 PTTP range reflects increased production volumes and increased production taxes attributable to higher expected commodity prices and oil and natural gas revenues in 2021, as compared to 2020

   – *Range increased by $1.00 per BOE due to increase in production taxes associated with anticipated increase in oil and natural gas revenues primarily due to significant increase in oil and natural gas prices since February 23, 2021 guidance*

2 LOE range reflects anticipated increase in workover activity and service costs in 2021, as compared to 2020

   – *Q1 2021 also particularly impacted by Winter Storm Uri and the prolonged period of cold weather in February 2021*

3 Reflects expected increase in midstream operating expenses primarily attributable to San Mateo expansion projects completed in Q3 2020

4 DD&A range reflects anticipated increase in drilling and completion costs beginning Q2 2021

5 G&A range reflects restoration of compensation to prior levels beginning in March 2021 following 2020 reductions and increase in stock-based compensation expense associated with cash-settled stock awards

Note: As of and as provided on July 27, 2021.

(1) Total does not include the impact of purchased natural gas or immaterial accretion expense.

Appendix

Investment Highlights – Matador Resources Company

Positioned for Continued Free Cash Flow and Differentiated Growth

- Generated adjusted **free cash flow[1] of $156.3 million** in Q2 2021 and **grew total production by ~14%** year-over-year in 2020

Returning Value to Shareholders

- Declared and paid first **quarterly cash dividend of $0.025 per share in Q1 2021, equating to $0.10 per share** on an annualized basis

Strong, Simple Balance Sheet

- At June 30, 2021, Matador had ~**$614 million** in potential borrowing capacity[2] and no bond maturities **until 2026**
- **Repaid a total of $235 million** in borrowings in Q4 2020 and H1 2021; Q2 2021 **leverage ratio reduced to 1.8x[1][3]**

High Quality E&P Assets and Rapidly Growing Midstream Business

- Strong well results across ~120,700 net acres in the Delaware Basin[4]
- Delaware Basin midstream business (San Mateo JV) has grown its Adjusted EBITDA[1] at a **~54% CAGR** since its formation[5]

Step-Change in Capital Efficiency

- Expect to **reduce average D&C CapEx/ft[6] by 40%** and **increase average lateral length by 82%** from 2019 to year-end 2021

Focused on Environmental, Social and Governance (“ESG”) Initiatives

- **83% of oil and 98% of water** Matador produces from the Delaware Basin is transported on pipe[7]

Interests Aligned with Shareholders

- Matador Named Executive Officers (NEOs) hold on average **over 8x more** company stock than NEOs at peer companies[8]

(1) Adjusted EBITDA and adjusted free cash flow are non-GAAP financial measures. For definitions and reconciliations to the comparable GAAP measures, see Appendix.
(2) Potential borrowing capacity of $614 million under the Credit Agreement at June 30, 2021 assuming full availability of $900 million borrowing base and accounting for $240 million in outstanding borrowings and $46 million in outstanding letters of credit under the Credit Agreement.
(3) Defined as Net Debt / LTM Adjusted EBITDA as calculated under the Credit Agreement. For purposes of the Credit Agreement, Net Debt at June 30, 2021 is calculated as (i) $1.05 billion in senior notes outstanding, plus (ii) $286 million in debt under the Credit Agreement, including outstanding borrowings and letters of credit, less (iii) $45 million in available cash.
(4) At June 30, 2021.
(5) Compares San Mateo's Q1 2017 results to Q2 2021 results.
(6) Cost per completed lateral foot metric shown represents the D&C portion of operated horizontal well costs only. Excludes costs to equip wells, midstream capital expenditures, capitalized G&A or interest expenses and certain other capital expenditures. As of and as provided on July 27, 2021.
(7) Represents Matador's average gross operated oil and water transported on pipe in the Delaware Basin in Q2 2021.
(8) Source: Meridian Compensation Partners, LLC and 2020 peer group Proxy Statements. As compared to the 50th percentile of Matador's 2021 peer group (CPE, DVN, FANG, MRO, OAS, OVV, PDCE, PXD, SM and XEC) as determined by the Strategic Planning and Compensation Committee and Independent Board.

Simple Balance Sheet – No Near-Term Debt Maturities

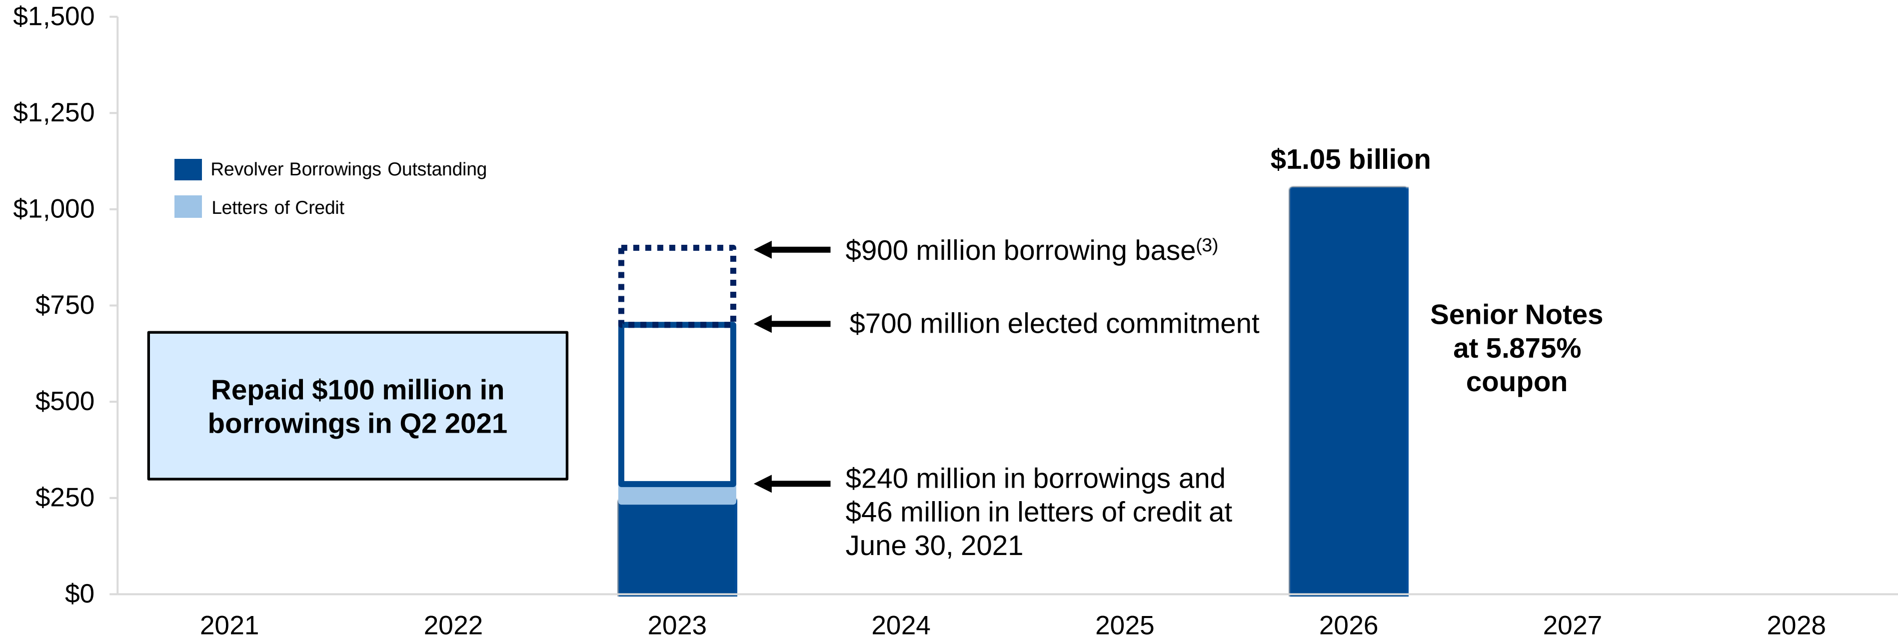
REPAID $235 MILLION
in borrowings in Q4 2020 and H1 2021

PAYING DOWN DEBT
is a key objective for 2021

Q2 2021 LEVERAGE RATIO REDUCED TO 1.8x[(1)(2)]
Better Than Expected

Strong, supportive bank group led by Royal Bank of Canada

Debt Maturities ($ in millions)



(1) Adjusted EBITDA is a non-GAAP financial measure. For a definition and reconciliation to the comparable GAAP measures, see Appendix.
(2) Defined as Net Debt / LTM Adjusted EBITDA as calculated under the Credit Agreement. For purposes of the Credit Agreement, Net Debt at June 30, 2021 is calculated as (i) $1.05 billion in senior notes outstanding, plus (ii) $286 million in debt under the Credit Agreement, including outstanding borrowings and letters of credit, less (iii) $45 million in available cash.
(3) Potential borrowing capacity of $614 million under the Credit Agreement at June 30, 2021 assuming full availability of $900 million borrowing base and after accounting for $240 million in outstanding borrowings and $46 million in outstanding letters of credit under the Credit Agreement.

Increased June 2021!

(1) Adjusted EBITDA is a non-GAAP financial measure. For purposes of the Credit Agreement, Adjusted EBITDA excludes amounts attributable to San Mateo. For a definition and reconciliation to the comparable GAAP measures, see Appendix.
(2) For purposes of the Credit Agreement, Net Debt is equal to debt outstanding less available cash not exceeding $50 million and excluding all cash associated with San Mateo.
(3) Adjusted EBITDA is a non-GAAP financial measure. Based on Adjusted EBITDA for San Mateo. For a definition and reconciliation to the comparable GAAP measures, see Appendix.

Adjusted EBITDA & Adjusted Free Cash Flow Reconciliations

Adjusted EBITDA Reconciliation – This presentation includes the non-GAAP financial measure of Adjusted EBITDA. Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of the Company's consolidated financial statements, such as securities analysts, investors, lenders and rating agencies. "GAAP" means Generally Accepted Accounting Principles in the United States of America. The Company believes Adjusted EBITDA helps it evaluate its operating performance and compare its results of operations from period to period without regard to its financing methods or capital structure. The Company defines, on a consolidated basis and for San Mateo, Adjusted EBITDA as earnings before interest expense, income taxes, depletion, depreciation and amortization, accretion of asset retirement obligations, property impairments, unrealized derivative gains and losses, certain other non-cash items and non-cash stock-based compensation expense and net gain or loss on asset sales and impairment. Adjusted EBITDA for San Mateo includes the combined financial results of San Mateo Midstream, LLC and San Mateo Midstream II, LLC prior to their October 2020 merger. Adjusted EBITDA is not a measure of net income (loss) or net cash provided by operating activities as determined by GAAP. All references to Matador's Adjusted EBITDA are those values attributable to Matador Resources Company shareholders after giving effect to Adjusted EBITDA attributable to third-party non-controlling interests, including in San Mateo. Adjusted EBITDA should not be considered an alternative to, or more meaningful than, net income (loss) or net cash provided by operating activities as determined in accordance with GAAP or as an indicator of the Company's operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components of understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure. Adjusted EBITDA may not be comparable to similarly titled measures of another company because all companies may not calculate Adjusted EBITDA in the same manner. This Appendix presents the calculation of Adjusted EBITDA and the reconciliation of Adjusted EBITDA to the GAAP financial measures of net income (loss) and net cash provided by operating activities, respectively, that are of a historical nature. Where references are pro forma, forward-looking, preliminary or prospective in nature, and not based on historical fact, the table does not provide a reconciliation. The Company could not provide such reconciliation without undue hardship because such Adjusted EBITDA numbers are estimations, approximations and/or ranges. In addition, it would be difficult for the Company to present a detailed reconciliation on account of many unknown variables for the reconciling items, including future income taxes, full-cost ceiling impairments, unrealized gains or losses on derivatives and gains or losses on asset sales and impairment. For the same reasons, the Company is unable to address the probable significance of the unavailable information, which could be material to future results.

Adjusted Free Cash Flow Reconciliation – This presentation includes the non-GAAP financial measure of adjusted free cash flow. This non-GAAP item is measured, on a consolidated basis for the Company and for San Mateo, as net cash provided by operating activities, adjusted for changes in working capital and cash performance incentives that are not included as operating cash flows, less cash flows used for capital expenditures, adjusted for changes in capital accruals. On a consolidated basis, these numbers are also adjusted for the cash flows related to non-controlling interest in subsidiaries that represent cash flows not attributable to Matador shareholders. Adjusted free cash flow should not be considered an alternative to, or more meaningful than, net cash provided by operating activities as determined in accordance with GAAP or as an indicator of the Company's liquidity. Adjusted free cash flow is used by the Company, securities analysts and investors as an indicator of the Company's ability to manage its operating cash flow, internally fund its D/C/E capital expenditures, pay dividends and service or incur additional debt, without regard to the timing of settlement of either operating assets and liabilities or accounts payable related to capital expenditures. Additionally, this non-GAAP financial measure may be different than similar measures used by other companies. The Company believes the presentation of adjusted free cash flow provides useful information to investors, as it provides them an additional relevant comparison of the Company's performance, sources and uses of capital associated with its operations across periods and to the performance of the Company's peers. In addition, this non-GAAP financial measure reflects adjustments for items of cash flows that are often excluded by securities analysts and other users of the Company's financial statements in evaluating the Company's cash spend. This Appendix reconciles adjusted free cash flow to its most directly comparable GAAP measure of net cash provided by operating activities. All references to Matador's adjusted free cash flow are those values attributable to Matador shareholders after giving effect to adjusted free cash flow attributable to third-party non-controlling interests, including in San Mateo. Adjusted free cash flow for San Mateo includes the combined financial results of San Mateo Midstream, LLC and San Mateo Midstream II, LLC prior to their October 2020 merger.

Adjusted EBITDA Reconciliation – Matador Resources Company

The following table presents the calculation of Adjusted EBITDA and the reconciliation of Adjusted EBITDA to the GAAP financial measures of net income (loss) and net cash provided by operating activities, respectively.

(1) Pro forma for the formation of San Mateo in February 2017, the purchase of the non-controlling interest in Fulcrum Delaware Water Resources, LLC not previously owned by Matador and the merger of San Mateo Midstream II, LLC with and into San Mateo in October 2020.

Adjusted Net Income and Adjusted Earnings Per Diluted Common Share

This presentation includes the non-GAAP financial measures of adjusted net income and adjusted earnings per diluted common share. These non-GAAP items are measured as net income (loss) attributable to Matador Resources Company shareholders, adjusted for dollar and per share impact of certain items, including unrealized gains or losses on derivatives, the impact of full cost-ceiling impairment charges, if any, and non-recurring transaction costs for certain acquisitions or other non-recurring expense items, along with the related tax effect for all periods. This non-GAAP financial information is provided as additional information for investors and is not in accordance with, or an alternative to, GAAP financial measures. Additionally, these non-GAAP financial measures may be different than similar measures used by other companies. The Company believes the presentation of adjusted net income and adjusted earnings per diluted common share provides useful information to investors, as it provides them an additional relevant comparison of the Company's performance across periods and to the performance of the Company's peers. In addition, these non-GAAP financial measures reflect adjustments for items of income and expense that are often excluded by industry analysts and other users of the Company's financial statements in evaluating the Company's performance. The table below reconciles adjusted net income and adjusted earnings per diluted common share to their most directly comparable GAAP measure of net income (loss) attributable to Matador Resources Company shareholders.

	Three Months Ended		
(In thousands, except per share data)	June 30, 2021	March 31, 2021	June 30, 2020
Unaudited Adjusted Net Income and Adjusted Earnings Per Share Reconciliation to Net Income (Loss):

Weighted average common shares outstanding - diluted	118,993	118,669	116,071
Adjusted earnings (loss) per share attributable to Matador Resources Company shareholders (non-GAAP)			
Basic	**$ 1.04**	**$ 0.72**	**$ (0.03)**
Diluted	**$ 1.02**	**$ 0.71**	**$ (0.03)**

(1) Estimated using federal statutory tax rate in effect for the period.

Adjusted Free Cash Flow Reconciliation

Matador Resources Company

The following table presents the calculation of adjusted free cash flow and the reconciliation of adjusted free cash flow to the GAAP financial measure of net cash provided by operating activities.

(In thousands)	Three Months Ended June 30, 2021	Three Months Ended March 31, 2021	Three Months Ended June 30, 2020
Net cash provided by operating activities	$ 258,200	$ 169,395	$ 101,013
Net change in operating assets and liabilities	6,465	23,308	$ 368
San Mateo discretionary cash flow attributable to non-controlling interest in subsidiaries[1]	(19,831)	(12,686)	$ (10,544)
Performance incentives received from Five Point	16,250	15,376	-
Total discretionary cash flow	261,084	195,393	90,837
Drilling, completion and equipping capital expenditures	124,739	85,986	150,192
Midstream capital expenditures	8,712	16,380	49,899
Expenditures for other property and equipment	112	133	594
Net change in capital accruals	(24,938)	33,376	(14,119)
San Mateo accrual-based capital expenditures related to non-controlling interest in subsidiaries[2]	(3,812)	(4,356)	(31,928)
Total accrual-based capital expenditures[3]	104,813	131,519	154,638
Adjusted free cash flow	**$ 156,271**	**$ 63,874**	**$ (63,801)**

San Mateo (100%)

The following table presents the calculation of adjusted free cash flow and the reconciliation of adjusted free cash flow to the GAAP financial measure of net cash provided by operating activities for San Mateo Midstream, LLC.

(In thousands)	Three Months Ended June 30, 2021	Three Months Ended March 31, 2021	Three Months Ended June 30, 2020
Net cash provided by San Mateo operating activities	$ 25,261	$ 41,198	$ 20,164
Net change in San Mateo operating assets and liabilities	15,210	(15,308)	1,354
Total San Mateo discretionary cash flow	40,471	25,890	21,518
San Mateo capital expenditures	8,688	15,332	50,524
Net change in San Mateo capital accruals	(909)	(6,442)	14,635
San Mateo accrual-based capital expenditures	7,779	8,890	65,159
San Mateo adjusted free cash flow	**$ 32,692**	**$ 17,000**	**$ (43,641)**

(1) Represents Five Point's 49% interest in San Mateo discretionary cash flow, as computed below.
(2) Represents Five Point's 49% interest in accrual-based San Mateo capital expenditures.
(3) Represents drilling, completion and equipping costs, Matador's share of San Mateo capital expenditures plus 100% of other immaterial midstream capital expenditures not associated with San Mateo.
